Since 2019, The Decent Life Initiative has helped people in 377 villages to have clean water.

3. Read the following, then answer the questions: (6 M)

Most of us take selfies from time to time. Actors, music stars, sports stars, and leaders all take selfies. It's very easy to take selfies on a smart phone. But the selfie isn't really a new idea. Back in 1839, a man named Robert Cornelius took the very first selfie. He was a photographer from Philadelphia, America. He took the picture of himself by setting up his camera and then running to stand in front of it. Why do people take selfies? Scientists say that it's a way of understanding who we are. It's also a way of controlling how other people see us. When we take selfies, we choose the best ones that make us look really good. We share them with our friends on social media. There are software programs people can use to make the face look "nice"

a. Choose the correct answer from a, b, c, or d:
