BOOSTERS EAT CHICKEN AT UPSHUR CAPITAL

Warm Receptions Given Them at Harleton, Ashland, Graceton and Gilmer

Special to The Messenger.

Gilmer, Tex., Oct. 11.—Chicken has been eaten in this delightful capital of Upshur County, after a very successful trip from Marshall. The first stop was at Harleton, where Principal Smith, dismissed school for a short time, and shouted—the girls did a very clever march.

At Ashland, after everybody had met everybody, Gardiner and David-Stewart had to make a speech, for everybody (6 Marshall) to trade.

At Graceton there was no special entertainment and Gilmer was the rest stop, where the boosters were met by Judge Briggs and others, in autos and carriages. All assembled at the court house square where Judge Briggs delivered an address of welcome, and R. A. Sexton responded. The boosters were driven about the town in the autos and a good time said was served. After dinner there was a general reassembling at the court house where the boosters met the Gilmer people. Everybody is happy and boosted.

The train departed at 2:30 p. m. for Winnsboro and towns between. The night will be spent at Winnsboro.

CHINESE UPRISING

REVOLUTIONISTS WIN BIG VICTORY AND CAPTURE CITY OF WU CHANG.

Reported by Associated Press.

Hankow, Oct. 1.—The Chinese revolutionists last night won a big victory capturing the City of Wu Chang, after many hours of fighting. The foreign residents are safe and unmolested. It is feared that dissatisfaction will spread to this city. The women and children have left on a gun board aerchan, vessels in the river tonight for safety.

JAMES M'NAMARA FIRST ON TRIAL

NOTED CASES CALLED IN CAPITAL DISTRICT COURT TODAY.

Reported by Associated Press.

Los Angeles, Oct. 11.—It does not look like the case against James H. McNamara this morning, but before the day is ended the case against himself and brother, for the Los Angeles Times dynamiting, in the district court, will be called for trial for sixty newspaper men, and among them are known a dozen Ralph Smarts mentioned in notes muffling devices.

Los Angeles, 1 p. m.—James B. McNamara will be tried first.

McNamara's attorneys have brought handcuffed into court, where scores of photographers snapshotted them. The trial began at 10:46 a. m.

BRIDE OF SIX HOURS.

WIDOW OF ONE DAY SEEKS INFORMATION AS TO PENSION.

Reported by Associated Press.

San Antonio, Tex., Oct. 11.—The funeral of Lieutenant J. T. Lynch, who committed suicide here Monday morning, six hours after his marriage to Miss Ridge, was held today. The theory advanced is that he was mentally unbalanced over business troubles. His widow is now alone in the world, and is a firm friend of Lieutenant Lynch's family. It is her intention to write to Washington for information as to her pension.

PERSONAL MENTION.

Mrs. Wm. Scroggins and son of Ledbetter were visitors to Marshall Wednesday.

W. B. Denham left for Clarksville, Tex., this afternoon on a business trip.

Mrs. Wm. Brown left for Hamak and St. Louis, Mo., this afternoon on a visit to relatives.

"RED" SMITH: GAMBLER

ARRESTED IN SEATTLE, WASH., ON CHARGE OF MURDERING PRESSMAN HANSON, IN SHREVEPORT IN 1907.

Shreveport, La., Oct. 11.—The arrest in a suburb of Seattle, Wash., yesterday of Norman Eddy, alias "Red Smith," for the murder of George Hanson in the latest and most important development in the now famous murder case confronting the authorities of Caddo Parish.

The recovery and positive identification of the watch of George Hanson in the possession of Reed Smith, a friend of the man charged with murder, is another strong link in the case and one, the importance of which can not be underestimated.

The father of Will Brown, whose supposed death confession has led to the unearthing of all these skeletons which now come stalking back from the past to confront and accuse the alleged murderers of the unfortunate victims, is now here from Seattle, greatly stunned and heartbroken, to confer with the authorities.

These are the three important developments in the biggest murder mystery in the history of this parish, a murder for which an innocent man, Henry High, was prosecuted and convicted in the city yesterday.

Reed and Northcutt, to confer with Sheriff Flournoy.

Eddy is the very important development in the biggest murder case in the criminal annals of this parish, a murder for which an innocent man, Henry High, was prosecuted and convicted in the city yesterday.

Reed and Northcutt, to confer with Sheriff Flournoy.

Eddy is the very important development in the biggest murder case in the criminal annals of this parish, a murder for which an innocent man, Henry High, was prosecuted for ten days by the state, and he came within an ace of forfeiting his life on the gallows.

The following telegrams passed yesterday between Sheriff Flournoy and Wendell S. Gardner:

"Seattle, Wash., Oct. 11, 1911.

"J. P. Flournoy, Sheriff,

"Shreveport, La.

"Have Norman Eddy in custody. Send man with extradition at once.

"ROBERT T. HUDSPETH,

"Sheriff."

"Reply to Mr. Hodge.

"Shreveport, La.

"Seattle, Wash.

"Have issued Warrant for Norman Eddy goes forward by mail-not waiting for requisition papers will leave without delay. Sheriff will return without requisition papers. Will wire Sheriff Hudspeth when Eddy leaves.

"J. P. FLOURNOY,

"Sheriff."

By deducting consumption from production we have 8,611,000 per annum left, which is equal to 11 per cent of gross production and is approximately correct. This volume of money is entirely too small to make much headway in development. We need Ten Billion dollars to open up new farms, build cities, construct railroads and public highways and we must get money from outside the United States for our large development enterprise.

Berlin, Oct. 11.—It is declared here unofficially that Turkey and Italy have agreed upon an armistice.

DOCKING FACILITIES AND RAILROAD CONTROL.

Reported by Associated Press.

Washington, Oct. 11.—The interstate commerce commission today ordered its inquiry into control by railway companies of docking, wharfing and pier facilities, including Texas points, was instituted by the interstate commerce commission here today.

DANCE AT ARMORY.

The young people give a dance last night at the armory which was largely attended. This is the first dance of the season and the main object was to get the dancers together and to form plans for the winter.

BIRTHS.

Born, to Mr. and Mrs. J. D. Gaine, on Tuesday, Oct. 10, 1911, a daughter. This is their ninth child.

Production and Consumption.

The Federal Census reports enable us to estimate with reasonable accuracy our annual production and consumption of cotton. Production

Lint	$561,231,000
Manufacturing	150,000,000
Mining	20,000,000
Total	$731,231,000

The item of consumption is far more difficult to estimate, although reliable data on the cost of living per capita is of record. The following table represents property consumed and destroyed by the natural and artificial processes of civilization, "Living Consumption" is the cost of "People" which includes cost of living and burial expenses. "The Animals" includes the cost of living, death and loss by natural and accidental deaths. "The Property" which includes destruction by fire, storm, wind, rust, decay, destruction of seed by processes of germination.

"The table follows:

"People	20,000,000
"The Animals	750,000,000
"The Property	120,000,000
Total	$850,000,000

WEL-KNOWN HOUSTON GROCER IS DEAD.

Reported by Associated Press.

Houston, Tex., Oct. 11.—A man whom nearly all the people of Texas have lived, for years ago—as Doc Walker, and who was then penniless returned to Dallas today carrying a grip in his hand. He died shortly after.

Doc Walker returned because he could not stand the pace of the world. He was a wonderful story teller and he could tell a story that would make you laugh. The story he related to his friends was that he was a "horse doctor," and that he came from Livingston, Ky.

BIGGEST CIRCUS COMING.

Ringling Brothers Are Down for Early Engagement Here.

The big news of the day is that Ringling Brothers' circus is coming to Marshall on Wednesday, October 25th.

This is the show that electrified New York City. It is the show that the Madison Square Garden day after day. Everybody knows it. Everybody loves it. The Fourth of July is second to "Ringling Day." This circus is now the greatest show on earth. Everybody knows it. It was the best amusement organization in the world. This year it is twice as big. It is ten times as good. Pictures gathering, not money making, has been its policy. No wonder it is popular.

The history of the Ringling Brothers reads like a miracle. They started with nothing. Today they have the richest amusement enterprise in the world. It is a firm of five men. Twenty-eight years ago they started out with one wagon and an uncertain horse. They made the circus profitable to work hard and share equally whatever profits there were. It is the story of every season. That verbal agreement has been in effect. They never signed a paper.

They say their first circus a good many years ago when they were children in McGregor, Iowa. It was a foot show. There was a very little to it. It unloaded in the dark of early morning. The five brothers were on the bank. To them it was a wonderful show. They were stage struck from it. They vowed that they, too, should become circus men. Not of that little, little show, but of a bigger show, but on a scale that circus men would grow to be. Their ambition has always to keep in the lead. The circus history of the last decade proves that they will.

Now, when people think of circus they think of the Ringling Brothers. All other circus names have faded into a dim recollection. It is necessary only to say that Ringling Brothers are coming to town. The news is taken for granted. The public knows the best of everything will be on hand.

MEN AND RELIGION MOVEMENT.

About a third of the people of this country are classified with some sort of religious denomination, and perhaps well over half of those are members or attendants upon Christian churches. In other words 20,000,000 people in this country are connected with Christianity directly. And yet the cry has gone out that three million more women and girls attend church than men and boys. This fact has brought forth the revelation that the men and boys of this country are building away from the church, not because it is Christian or Mohammedan or what-not, but because they fail to see wherein Christianity has been of special benefit to those who have joined the church. They take the preachers say, "Hip, then works yo shall know them," and they fail to see the works so often that they mistrust a man's pretensions to religious beliefs.

What is expected of a Christian?

A Christian is expected to be true to the name he bears. Every person is expected to be true to his name and to the profession he has made, no matter what that name or profession may be, but it is expected of the Christian more than of others on account of the name he bears and the profession he has made. "Not to live as you profess to be is to be a hypocrit. The Savior when on earth pronounced His greatest woes against the hypocrites: "Woe unto you, Scribes and Pharisees, hypocrites."

We need more Christians like Joseph of old, who have the courage to resist temptation. We need more men like Daniel and his three companions, who would rather suffer wrong than do wrong. We need more men like Elijah, who are willing to stand alone the world before a scoffing world. There is need of a greater need for new demonstrations of applied Christianity. Mrs. A. J. Longview.

But if, on the other hand, he is surrounded by people who profess to be Christians, but live as those who make no profession live, he will tell you that Christianity does not amount to anything. What impression, dear friends, do these around you get of Christianity when they watch your daily life?

We read "And they took knowledge of them that they had been with Jesus." The world is still taking knowledge of the Christian whether he has been with Jesus and whether he has imbibed His spirit, and is like Him in all His ways. The Christian is a "living epistle, known and read of all men." We can not hide our Christianity from the world. A friend of mine who was to make his first appearance in public inquired of a friend how he should act, to which the friend replied: "Remember that you are a prince."

He meant that he should not do anything inconsistent with the conduct of a prince. So let every Christian as he gets his part on the stage of life, remember that he is a Christian. There should be a visible harmony between profession and practice. The Christian is watched by the world. You have watched a sparrow with more intent malignity than the world does the Christian. "The wicked are not surprised by the misdeeds of the faithful or the man of the world, but they expect something different from the Christian. If the world is expected it must be done by Christian people. There is no one thing that stands in the way of the conversion of men so much as a lack of confidence in the sincerity of Christian profession. How often is an unconverted man hindered in coming to Christ by the thought of some doubtful, mean, or dishonest act of some professed Christian. We would not drink the power of the preaching of the gospel, but we do believe that the influence of a person who is loyal to Christ in all things and at all times it often more powerful than the preaching of the word.

Let us today reconsecrate ourselves to Christ, and seek from henceforth to be loyal to Christ in all things and at all times.

If the men and religion movement can put Christian lives into the men it will doubtless have served its purpose. If it can put Christian hearts inside a hide that has the Christian brand it will have worked a moral and religious revolution.

TEXAS IS SAFE.

Historians tell us that nations winter under the heat of civilization but the political thermometer has been at blood heat so long in Texas that there is absolutely no danger of dissolution by the natural processes of national decay. We may, unless we cool down, explode into fragments but we will always be a factor in the world's commerce, so long as the opportunity germ flourishes in our midst.

As we look down memory's lane and see the shoals that have stood at the cross road of every crisis, we are reminded that we have been so busy watching the power of info that we have neglected the 140,000,000 million acres of idle farm land, the 130,000 miles of unimproved public highways, the 50,000 miles of new railroads, our needed factories and mines and it will be a glorious day for Texas when our leaders lift the thought of the state into the city and vigorous atmosphere of development.

—MESSENGER—

TEXAS HAS 514 NATIANAL BANKS.

Statistics compiled by the Texas Bankers Journal, show that since the beginning of the National Banking system in Texas, February 25, 1863, to July 31, 1911, the number of national banks organized in the state was 716. Of this number 51 have become insolvent, and 171 in liquidation, leaving 514 in operation. This gives Texas more national banks in operation than either the six New England states or the eight Pacific states; more than a third of all the national banks in the thirteen Southern states or the nine Western states; almost a third of those in the six Eastern states and more than a fourth of those in the eight middle states.

The committee on temperance and morals of the Holston conference, Methodist Episcopal church, South, suggests a censorship on moving pictures. We have seen some pictures which were approved by some board of censorship or other which we thought not exactly right for the little minds, but comforted ourselves with the knowledge that perhaps the board knew more about it than we did—for we take a certain amount of pleasure in the announcement of these Methodists, because it rather confirms our view. The trouble with censorships is that they are human; they are usually mature minds and have forgotten how and what pleases the children. About the best censor can do is to guard against immorality and too much dime novel stuff.

Blood Was Wrong

All women, who suffer from the aches and pains due to female ailments, are urged to try Cardui, the reliable, scientific, tonic remedy, for women. Cardui acts promptly, yet gently, and without bad effects, on the womanly system, relieving pain, building up strength, regulating the system, and toning up the nerves. During the past half century, thousands of ladies have written to tell of the quick curative results they obtained, from the use of this well-known medicine.

TAKE **CARDUI** The Woman's Tonic

Mrs. Jane Callehan suffered from womanly trouble for nearly ten years. In a letter from Whiteville, N. C., she says: "I was not able to do my own housework. My stomach was weak, and my blood was wrong. I had backache, and was very weak. I tried several doctors, but they did me no good. I used Cardui for 3 or 4 months, and now I am in the best health I have ever been. I can never praise Cardui enough." It is the best tonic, for women.

Whether seriously sick, or simply weak, try Cardui.

TO GET RID OF RHEUMATISM

If we suffer with Rheumatism and desire to get rid of it we must make up our minds to subject our systems to the proper course of treatment for a while. The only way to cure ourself of Rheumatism is to remove the cause—expel the irritating uric acid from the blood; every other method of treatment has proved a failure. S. S. S. cures Rheumatism because it is the greatest of all blood purifiers. This medicine goes down into the circulation, and expels every particle of the sour, inflammatory uric acid which is the root and cause of the disease. The cure can be greatly hastened with a little care and self denial by the patient. In the first place do not let anything interfere to prevent your taking S. S. S. regularly and according to directions; be guarded in your eating, because an attack of indigestion will always aggravate the symptoms of Rheumatism. Do not expose yourself to damp and inclement weather any more than is necessary. When S.S.S. has had time to rid the blood of the uric acid; then these little restrictions may be left off. This simple course has cured many thousands of cases of Rheumatism. Book on Rheumatism and any medical advice free. S. S. S. is sold at drug stores.

Have the Paint Mixed on the Job

THERE is no one right way to paint and that is to mix the paint on the job. Some pure linseed oil, turpentine and white lead is the proper thing, but there are the proportions to use which he sees the surface to be covered.

COLLIER OR SOUTHERN Pure White Lead

and pure linseed oil make an old-fashioned paint which will last a lifetime like a rock. It is the cheapest paint you can buy as well as one job and when properly applied it is the most beautiful. It is the paint that can compare with.

Send for Our Free Painting Helps

containing valuable information about painting, color schemes, a book of choice color schemes for your consideration, and other helpful matter. Address Dept. 10.

MARSHALL ROOSTERS 100 STRONG

WILL "BOOT" FOR MARSHALL FOR NEXT TWO DAYS.

At 7 o'clock Wednesday morning, three representing the Marshall Roosters, will make a trip to the Gilmer, Winnsboro and Jefferson; and may stopover, essentially on the overhead equipment, and at 7 45 the line of the Roosters will be on the Marshall & Texas Texas station, behind by the Lights-Hunters Junior brass band. The Roosters will be a polite one, and 50 strong number of Marshall's most prominent business and professional men, including the ministry, representing all the various lines.

Upon arrival at the Marshall & East Texas railroad station the Roosters crowd was swelled to numbers until there were fully a hundred representatives on hand to make the trip.

The Marshall & East Texas railroad had a train of new coaches and an engine in readiness, and soon the entire party were on board. The train was decorated with streamers and bulletins bearing the following legend:

"Roosters, Marshall, Texas—We are on the road to you—Let's get together." On reverse side: "At Marshall the latch string hangs on the outside—Come and see."

The other coaches had streamers with the following painted on them: "Opportunity is knocking—At the end of the rainbow—Marshall." On the other side the banner read: "Young Men's Booster Club—Our motto Further Time—Marshall Wants Men." Marshall's population gains at the rate of 2,000,000 per year—We will make it 2,500,000 in two years. Are you in on it?"

The train was filled with Roosters as it pulled out and a jollier set of men was never let loose in the city. The Roosters' Excursion train pulled out of Marshall this morning at 7:45.

The train was in charge of General Manager Yoakum of the Marshall & East Texas railroad, and will make the trip through to Gilmer and Winnsboro by Jefferson, returning from the 4th east on the Katy to Jefferson, and back to Marshall on the Texas & Pacific railroad, arriving home about dark.

NEWS BRIEFS.

The business men of El Paso will present to the Commercial Syndicate a tract of land in the southern part of that city, valued at $50,000 for a planing mill, box factory and paper mill, which is to be erected by those interests. Work on the big plant, which will give employment to several thousand men will begin at once.

A Dallas county good roads exhibit will be held during the Dallas fair on Good Roads Day. The commissioners' court of Dallas decided to carry out the project.

The program for the Texas Land Exposition to be held in Houston on January 15-16, 1912, is being arranged. Each city of any importance in Texas is to have a special day.

Marfa, Texas, in Brewster county, is one of the fastest growing small towns in the United States. Every street is being graded, white merchants' display signs are on nearly every corner, giving the city a metropolitan appearance.

Brazoria county, Texas, is a new one in El Paso county (in a rich agricultural district) where farming is now successfully practiced, without irrigation, the rainfall being sufficient to bring to maturity the crops adapted to that region.

A big rubber factory in the state is located in Marshall, Texas, where many tons of crude rubber are turned out every day. The new plant has been in operation for two years, and the supply of raw material has not been exhausted or lessened to all appearances.

RAILROAD NOTES.

Master Mechanic Walsh of the Marshall & East Texas railroad, went to Port Arthur this today on a business trip.

General Manager Yoakum of the Marshall & East Texas railroad left this morning on the boosters' excursion train and will go the rounds with the party.

Air Brake Car No. 1 of the Texas & Pacific railroad has been ordered on duty on the Louisiana division to put in service.

J. N. Fox, the operator who has been relieving C. K. Pillmore at the depot, was forced by illness to give up the position and went to the hospital at Marshall yesterday. John Hill of Marshall has been sent here to fill the vacancy caused by Sandy Fox.

COUNTY COMMISSIONERS.

The Commissioners' Court of Harrison county met in regular session here Monday and adjourned yesterday afternoon. Monday morning was for the purpose of approving their regular monthly bills and no other business was transacted.

AMUSEMENTS.

Renfrow's Pathfinders.

Augusta Evans's great story, "St. Elmo," tonight, at the big tent.

Another record breaking house will witness the second performance of Renfrow's jolly Pathfinders at the big tent; last night, the play was "North Carolina Folks," and proved exceptionally pleasing. The performance throughout, being pronounced better than Monday night's bill, if possible. Tonight the great production "St. Elmo," the best dramatization on the road of Augusta Evans' celebrated novel, will be given. The scene is laid near the foot of Lookout Mountain, made famous during the Civil war. Those who have read the novel, will know what to expect and the general interest shown in the offering indicates a crowd. Friday night the feature of the week will be presented, "Lena Rivers," by Mary J. Holmes, whose writings are known to all. On Saturday afternoon a matinee will be given at 2:30, on which occasion "The New East Lynne" will be the attraction. A number of handsome Rosalie Trespiones will be distributed at the close of the performance as souvenirs. A present of $10 is announced for Saturday night, as a substantial reminder of the Renfrow engagement in our city.

Averts Awful Tragedy.

Timely advice given Mrs. C. Willoughby of Marengo, Wis., R. No. 1, prevented a dreadful tragedy and saved her two lives. Doctors had said her frightful cough was a "consumption" cough and could do little to help her. After many remedies failed, her aunt urged her to take Dr. King's New Discovery. "I have been using it for some time," she wrote "and the awful cough has almost gone. It also saved my little boy when taken with a severe bronchial trouble." This matchless medicine has no equal for throat and lung trouble. Price 50c and $1.00. Bottle free. Guaranteed by Fry-Hodge Drug Co. d&w.

CITY COMMISSIONERS IN REGULAR SESSION

ONLY ROUTINE BUSINESS. NO ORDINANCES HOBS UP BERENELY.

The Commissioners of the city of Marshall met in regular semi-monthly session Tuesday at the Council Chamber. All the commissioners were present and the City Secretary and Attorney Davidson. Nothing of great interest transpired during the meeting, and only routine business was attended to. The minutes and finance reports were read and approved. The petition of Jack Leary for a reduction in water rent was passed with no action.

The dog ordinance came up for discussion, and was passed until next meeting. Several months ago Marshall put in force an ordinance requiring all dogs to be kept up or muzzled when with master, and now that the winter is on many of the dog owners think that the muzzles ought to be dispensed with, but the way the ordinance was passed, which was the result of a petition being circulated having 600 signatures on it asking that the ordinance be passed, the Commissioners cannot repeal it except on the petitioned in the same manner that placed the ordinance in force.

The Commissioners adjourned until next Monday.
